46.5"l x 23.75"w x 111.75"h	1.1 A, 120 V, 8 ft. power cord, 3 prong grounded plug	75 lbs.	450 CFM	Black, White	Suspended ceiling	Dual speed

TRIPLE FILTERING SYSTEM

Clean, safe, quiet.

Removes smoke, dust, mold spores, dust mites, viruses, pollen, chemicals, odors and more.

MatrixAir's three-phase approach to indoor air filtration may represent the ultimate in purification technology—environmentally safe, maintenance friendly, highly effective and in terms of design, simple in the extreme. The three-phase filter is at the heart of every MatrixAir system. A safe, flexible and highly effective approach to cleaner indoor air.

Phase 1 — Polyester Pre-filter

First line of defense. This filter removes larger particles such as lint, hair, dust and pollen.

Phase 2 — Activated Carbon Filter

The 'chemical' filter. This filter eliminates gases and odors by trapping and absorbing their molecules.

Phase 3 — HEPA Filter

Removes micro-particles such as smoke, dust mites, spores, mold, spray paint, ashes, even most viruses!
